Hi Daniel,

Yes we have the files and would be glad to share them. Each facility is about 140 MB zipped up so email won't work. Do you have an ftp folder we could upload the files? If not let me know what the best way to get them too you, our science ftp went away so we don't have an easy way to share larger files. Sharepoint or DVD would be two options if you don't have better options.

Hi Erik,

Do you still have a copy of the last modeling Sierra Club conducted for the 3 nonattainment areas? Is so, can I get a copy of the files?

Thanks,

Daniel

Looks like App. W is still a little ways out. Let me know if something comes up where you need something like Adj U*, or other in the interim.
